## Addendum "A"

### Notes and Clarifications

1. Pricing for block and level is based on a clear level and stable site (2.5 block high). If blocking requires extra blocks, or ABS pad to stabilize ground extra charge will be incurred. (See Chart Below).
2. It is assumed site is stable and accessible by Allied standard truck. (no special machine required for placement or set-up). (See chart below for machine extra charge).
3. All site work; including grading, walks, parking lot, stone base, footing, by customer not Allied.
4. Pricing excludes building permit, licenses, and sealed plans.
5. Customer is responsible for electrical hook-up, alarm wire, data wire, phone wire, and plumbing water/sewer hook-up to fixture drops under trailer floor.
6. All labor is based on Allied standard wages, not prevailing wage, Davis-Bacon wages or other special certified wages.
7. Pricing does not include any special security badging, on-site training or special access requirement. Extra charge for above or excess waiting time is charged at rate of \$165.00/hr.
8. Base knock down charges do not include anchor or skirting removal. These are extra charges if required.
9. The customer is responsible to contact Miss Utility prior to installation of anchor.
10. Pricing does not include any local code requirements by building inspector or townships.
11. Any alterations, additions or changes to Allied Trailer may result in back charge to fix unit unless approved by Allied in writing in advance.

### Extra Blocking Charges

	<u>8 Wide</u>	<u>10/12 Wide</u>
A. 3 Block High	\$125.00	\$240.00
B. 4 Block High	\$250.00	\$450.00
C. 5 Block High	\$575.00	\$950.00

#### Note

1. 5 block high may require double piers in lieu of single.
2. Soft soil may require ABS footing pad \$30.00/pad at each pier.
3. Tight spots or soft soil may require special machine \$950.00 min.
